

Home Learning 7th January 2025

Maths

Go on a number hunt around your house or outside.
Can you spot numbers 1, 2, 3 ?

Encourage your child to write the numeral each time they see it.

Understanding the World

Our new topic is called "Let's Build." With this in mind go on a walk round your house and find out what it is made from. Can you find something made from glass, from brick, from wood, metal and plastic?

Literacy

Read your favourite book together. Which character is your favourite? Why do you like them?

Draw a picture of your favourite character and ask a grown up to write why you like them.
